Professional Summary

Aspiring Machine Learning and Software Engineering professional with experience in data pipelines, web development, and open-source collaboration. Strong foundation in Python, SQL, and ML tools, with proven ability to build end-to-end solutions and production-ready applications. Seeking internship roles in AI/ML or software development.

Education

Bachelor of Technology in Computer Science Engineering Expected Aug 2027
Mahindra University, Hyderabad

Intermediate (Class XII) Mar 2023
FIITJEE Junior College, Hyderabad

Technical Skills

Programming: Python, C, Java
Web: HTML, CSS, JavaScript, TypeScript
ML/Tools: Pandas, NumPy, Scikit-learn, Matplotlib, Colab
Databases: SQL
Tools: VS Code, Git, GitHub

Experience

Intern Viswam.AI Jun 2025 – Aug 2025
Hyderabad, India

- Built data pipelines for large-scale Telugu corpus collection powering a Telugu LLM.
- Improved GitHub workflows for data validation, preprocessing, and QA automation.
- Developed a multilingual dictionary platform supporting audio, word, and meaning uploads.
- Collaborated with ML engineers to define data quality standards and automate preprocessing.
- Assisted with fine-tuning in-house AI models and dataset expansion.

Projects

Salary Prediction using Machine Learning

- Built a machine learning model to predict salaries using job-related features.
- Utilized Scikitlearn, Pandas, and Matplotlib for training, evaluation, and visualization.
- Implemented feature preprocessing and model performance analysis

Serenity Homes Website

- Developed a marketing website for Serenity Homes as a freelance project to improve online presence and customer inquiry flow.
- Built using HTML, CSS, and TypeScript.

Stock Market Consultant Agent

- Created a stock advisory web application featuring an automated portfolioanalysis engine that recommends diversification strategies.
- Integrated live market APIs to visualize stock prices, performance metrics, and portfolio health.
- Developed a clean UI for uploading portfolios and delivering actionable insights to new investors.

Additional Involvement

- Active contributor to AI/ML club projects.
- Represented School and College Chess and Basketball teams
- Core Committee Member Chess Club and AERO Club.
- Organised Chess Club event (AIRO 2025) with 100+ participants.

Soft Skills

Teamwork, Problem Solving, Communication, Time Management, Analytical Thinking
